

Language Plan

With the following language plan, I aim to achieve a language level of at least B1 of the Common European Framework of Reference for Spanish until the beginning of the winter semester 2015/16:

Winter semester 2014/15

Language course for Spanish A1 at the TUM Language Center

Semester break March 2015

3 weeks intensive language course in Málaga. The aim is to reach an A2 level.

(Language school estimates an average of 4-6 weeks to move up one level. However, it depends on how hard you work, i.e. it can also be done in 3 weeks.)

Summer semester 2015

If level A2 was achieved in the intensive language course:

- Language course for Spanish B1 at the TUM Language Center (and acquisition of the DAAD language certificate)

If level A2 was not achieved in the intensive language course:

- Language course for Spanish A2 at the TUM Language Center after repeating the Moodle placement test (Ms. Garcia confirmed that levels A2.1 and A2.2 will be offered in the summer semester 2015)

Semester break August 2015

If level B1 not yet achieved:

- If offered: intensive course for Spanish B1 at the TUM Language Center (and acquisition of the DAAD language certificate)
- Otherwise: language course at university (UPM) in Madrid before lecture start. Before the current winter semester (2014/15), UPM offered the following:
 - Intensive courses for levels A1, A2, B1.1, B1.2, B2.1 from August 26 until September 12
