

INTERDISCIPLINARY PROJECT / THESIS

DEVELOPMENT OF AN INVESTMENT INSIGHTS PLATFORM

2022

ABOUT EIP

A Partnership Approach to Public Equity

Entrepreneurial Investment Partnership (EIP) is a private investment partnership with renowned entrepreneurs as its partners. EIP invests globally in selected publicly-listed companies with attractive long-term prospects and strong entrepreneurial management teams who have skin in the game and understand capital allocation. Where appropriate, EIP is actively engaged and pursues sustainable value creation and fair value distribution among all stakeholders.

Company Portfolio

The portfolio consists of around 10-15 companies of various sizes, industries, and regions. As such, the companies are active in industries as, e.g., steel dust recycling, mobile gaming, milk packaging, venture capital, e-commerce or real estate financing. EIP has conducted around 20 investments since 2018.

POSSIBLE PROJECTS

AI Trade Signals

#Investment #BigData #AI

Model, design and implement an easy-to-use notification feature that informs the fund manager about relevant trade opportunities globally. Classify relevant trade characteristics by analysing large datasets and combine multiple data sources to form a single scoring in one funnel taking advantage of state-of-the-art machine learning approaches.

This is not a finite list. A wide variety of signals can carry value and need to be researched. We are eager to hear your own ideas.

WHY JOIN US

- Get directly involved with the manager of a public equity investment fund with a global mandate
- High self responsibility: bring your own ideas and tell us what to do
- Agile, start-up like working environment
- Working flexibly and remotely
- No use of power point
- Have fun working in a young, dynamic & interdisciplinary team with large goals and an immense opportunity to grow the business

WHO YOU ARE

- Interested in investing (growth / value investing)
- Outstanding analytical skillset, with the ability to break down complex issues
- Team player with a self-driven personality and a hands-on approach
- Prior experiences in the finance industry are not mandatory (but it is always useful to know free cash flow and return on capital employed...)
- Any sense of humour is a plus as well

This is a special opportunity to grow and support a recently established investment partnership at day 1.

If this sounds interesting to you, send your CV and transcript to [Tim](#).

We are looking forward to meeting you!
